

Dear FCC Commssioners,
I personally benefit from listening to XM Satellite Radio and its traffic and weather channels.
The satellite radio provides a variety and quality that are not available elsewhere.
I choose to pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear.
I respectfully urge you, the FCC, to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve and pay for.
